

THANK YOU

NEIL SANDISON

Councillor Neil Sandison says "THANK YOU for your support on Thursday May 3rd."

After a hard fought campaign, the voters of Eastlands re-elected Neil Sandison as one of your Liberal Democrat Councillors on Rugby Borough Council.

The result was as follows:

Eastlands

Neil Sandison Liberal Democrat	1106
Conservative	403
Labour	212
Green	110

Cllr Neil Sandison says,

"It is a real privilege to represent this ward and its people. I am humbled by such an overwhelming vote of support from the residents of this area. This result shows that the Eastland's Liberal Democrat commitment to work for the community all year round and not just at election time is appreciated by the different neighbourhoods that make up our community. I pledge I will continue to raise your concerns in the corridors of power and work with you in dealing with any matters affecting this community".

Conservative Control

Following the election the political make up of Rugby Borough has changed with the Conservatives taking control of the Council. Labour lost two seats and an independent seat went Tory. Only the Liberal Democrats managed to hold against this strong campaign from the Conservatives, which even saw David Cameron campaigning in Caldecott ward.

Rugby Borough Council political make up

Conservatives	27
Labour	11
Liberal Democrat	10

Rugby Liberal Democrats confirm that we will continue to be constructive in opposition. We will consider each issue on its merits. We will continue to voice the alternatives needed to ensure a healthy democracy locally.

The Liberal Democrats can see growing divisions between different communities in the Borough. We want to see balanced communities across the whole Borough.

Our priorities will be for:

- Greater openness and involvement in local decision making, especially planning.
- Safer Communities, we will continue to seek solutions by working with local communities on anti social behaviour.
- A Cleaner Greener & Healthy Borough. We need a "Keep Rugby Tidy" campaign.
- Inclusion & Diversity, to bring local communities together; there is a growing division across the Borough.

Liberal Democrat support is continuing to grow in your area. Our commitment is to work all year round with local communities, to find solutions to local problems.

Do you want to keep weekly bin collections?

As revealed in the Rugby Advertiser March 22 the former Tory Portfolio Holder said, "The Council had the will and the mandate to bring in the proposals".

Rugby Liberal Democrats say that until we see recycling for all households in the Borough this should not even be considered.

I do not want fortnightly collections of my waste
